## Village Walks

20 people turned up in late January. to enjoy a walk led by Paul Williams which was full of interest and intrigue, looking at photographs from the past and making comparisons with buildings and landscapes as they are today. There were several queries and conundrums resolved but one which wasn't, which will be the subject of an article in a future Jubilee News.

## Looking back at Mary Tavy, Saturday 14th March

Walk Leader Ron Quilter

Meet at 10am at Peter Tavy Quarry Car Park (5215 7785)

About 3.5 miles, round trip. Involves fairly steep climb initially and also up to White Tor summit, but we will take it easy.

White Tor, also known as Whittor, stands above the Tavy valley offering spectacular views, including to Mary Tavy. So this a Village Walk with a difference, not in the village but looking back at it.

Along the way, the walk will pass Stephen's Grave, hut circles, cairns and the Langstone menhir. On the summit of White Tor there are stone structures which were originally assumed to be an Iron Age hillfort, but have now been found to be Neolithic. Archaeologists have recently unearthed evidence of early Neolithic farming communities from 5,500 years ago. An excavation in 1898 revealed many flints, pottery and charcoal, but sadly those finds have been lost.

We will have a coffee stop on the Tor, so bring a drink and a snack. And there might make a pub stop afterwards.

For more information, phone Ron Quilter, 01822 810538.

Future walks are being planned, if you would like to lead a walk in the area please contact the Jubilee Group.

In early May for the celebrations for VE Day, we plan to do a walk from Mary Tavy War Memorial to Brentor War Memorial, which will be along the road so an easy walk on tarmac of just under 5 miles.

## Parish Council has agreed no change to the Precept

Following three years of reducing the Parish precept by around 2% to 2.5% each year, last year the Parish Council raised the precept substantially - by almost 23%.

We are pleased to be able to report that this year the Council has agreed there will be no increase for the financial year 2020/21. This decision was not unanimous and comes despite recommendations that the precept should be increased every year as a matter of course. The total of the Parish Precept is £16,689.

The precept is the part of your Council tax that pays for running parish services; the council tax also includes elements for district and county councils, the Police and the Fire Service.

Even when the precept remains unchanged the actual amount each household pays can vary as it is based on the number of Band D properties in the parish.

For the previous issue of Jubilee News the Editor, Ali Fife Cook, asked Harmony Choir if they had a logo which could be used to accompany their article. The answer from Chrissie Wade the Musical Director was no, but it would be a good idea to have one.

So as Ali enjoys all things to do with design and artwork she put together something as a suggestion for them. The response was "we love it". So Harmony Choir now has a logo created from treble clefs in rainbow colours, which they will proudly be displaying on a banner at their forthcoming concerts.

## Jubilee Group Projects and Activities

At this time last year we organised a Bird Box Making Workshop, which was successful and great fun, and we said we would do something similar this year. Perhaps of even more benefit to local wildlife are hedgehog houses, so that's what we plan for the next workshop, which will be in autumn at the appropriate time before hedgehog hibernation.

It was also a year ago when we undertook a survey in preparation for planting daffodil bulbs along verges, particularly down the A386. However we received almost no support or interest from the community so the project did not proceed any further. The Parish Council are considering 'wilding' some verges and perhaps we can work with them to ensure beautiful flowers abound in our village.

And talking of our verges, we are planning another Litter Pick which will be in late spring.

We hope to continue our series of Village Walks which are popular and get people together and out in our interesting and lovely surroundings. We do, however, need people to come forward to offer to lead a walk.

Since the Jubilee Group took over responsibility for Mary Tavy Live! a year ago we have held three performances with another coming up in March. These are proving very successful. The main purpose of Mary Tavy Live! is to bring enjoyable performances to the local community but at the same time, if the events are successful we can raise funds which go towards village projects.

We have other projects in mind, or in the planning stages, including a village garden trail and a collaborative event for Heritage Open Days.

The biggest project for the Jubilee Group is undoubtedly production of Jubilee News.

# Mary Tavy Live!

Since the previous issue of Jubilee news we have had two concerts in the Mary Tavy Live! series, and we're delighted that the Neil Maya Quartet is coming to Mary Tavy again, their third visit, bringing us a new concert of great jazz.

## The Hummingbirds

The concert with the Hummingbirds at the end of November was a wonderful evening, jammed full with beautiful harmonies and songs that made the feet tap. Thanks to a large audience plus the raffle and catering the concert raised an amazing £160 to go towards projects in the village.

## Ninebarrow

The concert with folk duo Ninebarrow in January was completely packed, and everyone absolutely loved it. Jon and Jay entertainingly played their several instruments and sang with great enthusiasm. Thanks once again to the raffle and catering the concert raised £120 for village projects.

Mary Tavy Live!, which is a part of the Mary Tavy Jubilee Group, aims to bring you many performances, not just concerts but dance and theatre. Some but not all Mary Tavy Live! events are part of the Villages in Action scheme which helps to bring performances to villages across Devon.

**From the Mary Tavy Live! fund the Jubilee Group is giving a grant towards the cost of a projector for the Coronation Hall.**

## Tor & Tavy WI

Each year our WI sets aside a sum of £250 to be awarded as a bursary to a member or members for use in learning or developing a skill of their choice. In December last, a group of 12 members were granted some of that money to undertake a quilting day under the guidance of Rosalind Wiggins from Lamerton. Rosalind is an expert Quilter and under her instruction we each made a Quillow, a cushion cover with blanket attached which, when folded and placed in the cover, made a pillow. Many of the ladies were beginners and were suitably pleased with their efforts which were completed, as promised by Ros, in one day.

Following hot on the heels of that day was our Christmas Craft evening led by our President when we returned to the use of Fimo modelling paste to make some very simple but effective decorations of snowmen and wreaths. These were baked in the oven while we held our business portion of the meeting and were ready to take home at the end.

We have a Cookery demonstration and Quiz night in the next two months and visitors and new members would be very welcome. 4th Thursday of each month in the Coronation Hall at 7.30pm.

## The Hall and Field

The trustees of the Coronation Hall and the Recreation Ground which is also often referred to as the Field, are thinking about their name. The name of the trust is the Mary Tavy Victory Memorial Recreation Ground Trust, and although cumbersome that can remain the same but they are considering various titles for everyday use that bring the hall and the field together; suggestions are welcome.

**Air Ambulance Landing Site:** The Devon Air Ambulance landed in the Recreation Ground on New Year's Eve, for specialist officers to attend the scene of an accident at Grenofen.

**Measured Mile:** Runners can now test their speed or running distance against a measured mile around the Recreation Ground.

**Tavistock Area Schools Cyclo Cross Competition:** Takes place on the field on Thursday 12th March.

## Mary Tavy & Peter Tavy WI

As we prepare to enjoy and celebrate the first year of a new decade, the first thing to note is that our Spring Sale – mainly plants but cakes, books, raffle etc as well – will be on Saturday, 16th May starting at 2pm.

Hopefully this early announcement will mean that we avoid clashing with other similar events! It is hard to think of anything to do with the Great Outdoors in our present weather but it is worth remembering that growing things is very important to us and our planet. I am sure we all remember those science lessons – "Photosynthesis is the way that plants make their nutrients from carbon dioxide and water in the presence of sunlight and chlorophyll". I had to write it 100 times once so it's never forgotten! Our first talk this year was on Climate Change and how to combat it so it is well in our minds that what we grow will take carbon dioxide and release oxygen in the process. It would be good if our village was keen to be green! We are probably well on the way!

We are having other interests as well starting with the Life of a Tudor Lady in February, as always 2pm in the Coronation Hall on 2nd Thursday.

Join us for lunch at our Spring Fair. Enjoy home-made soup & crusty bread (or bacon rolls). Other refreshments will be available along with a Craft stall, cakes and books for sale and, of course, a raffle!

## Can you help?

The Knit & Natter ladies need the following -

- any red, purple or blue fabric (for poppy making)
- any red, purple or blue wool
- black buttons (for poppy centres)

Our display outside the Methodist Chapel was much admired last November. To get 'bigger and better' this year, we will have a poppy-making table at events in Coronation Hall and hope villagers will make a poppy for our village display for Remembrance Day next November.

If you can help please contact us on 811019 or 810297.

The Knit & Natter, Craft & Chatter group's Christmas Fair raised a super £292 with a donation going to Dementia UK. We'd like to thank everyone who supported us by helping on the day or coming along to enjoy lunch and buy some Christmas goodies.

## School Report

Our Singing Club entered the BBC Radio Devon's choir competition, Star For Christmas, for the first time this year and we were very excited to be chosen as finalists. On Wednesday 18th December the Singing Club travelled to the Riviera Centre in Torquay to perform in the live final, which was broadcast over Christmas. The winners were chosen by a combination of votes from judges on the night and half the votes coming from the general public. The children sang in front of over a thousand people, their biggest audience yet. They were very nervous but they gave a fabulous performance. We didn't win the trophy on the night but they made us all extremely proud with their behaviour and their singing. It was a fabulous experience and one, I'm sure, the children will remember for a very long time. Thank you to everyone who supported us.

The PTFA have decided to run a 100 club. Each number is £1 a month or £12 for the whole year. If we are able to sell all the numbers there will be a first prize of £25, a second of £15 and a third of £10. Winning numbers will be drawn at the end of each month. The PTFA provides much needed additional funding to support the school and parents; including funding coaches for educational trips, books, ICT equipment and visits from artists.

## Speeding & Road Safety

In late November the Parish Council held a public meeting which was attended by about 40 people. The meeting was told that a Working Group of Councillors had been set up with the following aims -

- To improve safety for pedestrians, cyclists and equestrians;
- To improve safety for vehicular traffic joining the A386;
- To reduce noise and environmental pollution.

Background information was given and a number of potential projects were highlighted and discussed with further suggestions being made by people at the meeting. There is a full report on the meeting on the Parish Council website under the News & Events tab.

At the meeting there was reference to a report from DCC Highways. They had put up a data recorder in the village recently, by the coach parking area, which showed that there was a maximum of 140 cars per hour and that at the 85th percentile all traffic was travelling below 35mph. Their conclusion was therefore that there was no need for any change to current arrangements and signage.

This finding seems to be at odds with the impression most members of the community have about traffic and speeding so the PC is aiming to get further data on which to base any decisions.

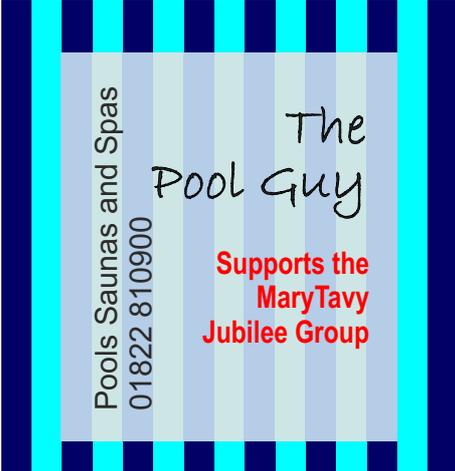

**Speedwatch:** Twenty volunteers have put their names forward to join Speedwatch. Application forms have been sent out and training will start soon, although there is still time for others to join the team.

## Despatch Box News from the Parish Council

Happy New Year to you all. It's hard to believe that I have been Clerk to the Parish Council for six months now, time has flown by! I'd like to extend my gratitude to all councillors, who have offered me their valuable support, guidance and patience during this time. Thank you, I couldn't have done it without you all. I am still enjoying my role. My favourite aspect of clerking is the bookkeeping/accounting, which is something that I never could have imagined I'd enjoy, it's funny the path life takes you down sometimes!

To summarise the main outcomes from recent meetings: I'm delighted to be able to report that the budget has been approved and there will be no rise in precept for 2020-21; Councillors on a verges working group have finalised and published a new contract for grass cutting and maintenance, there are some areas that won't be cut or maintained in the future (for further details, see the maintenance contract on the home page of our website and/or appendix one, October 2019 minutes); Our Emergency Warden, John Roy Hill, has received a further ton of salt to add to last year's reserve which should be sufficient in case of ice or snow; Mary Tavy Twinning Association have graciously returned our grant donation as there will no longer be changes to road signs.

Best Wishes, Katherine

## Jumelée avec Mery-Corbon

We reported in a previous edition of Jubilee News that due to changes in the administrative district, Mery-Corbon – our twinned village in Normandy, France – was to become Méry-Bissières-en-Auge and we were going to have new village signs here to reflect that change. However, for two reasons that is now not going to happen. Becky Masters, Chairman of Mary Tavy Twinning Association told us that “Although the postal address system reflects the administrative name change, the signage into and out of Mery-Corbon remains the same and we gather is likely to do so for the foreseeable future. We were also given to understand from Devon County that there would have been additional complications and costs in obtaining copyright for use of the signage logo, so all in all, it was a good idea but on this occasion not achievable, perhaps in the future it might be.”

Copydate for the next issue is the 20th of the preceding month, at the very latest, but please remember Jubilee News can fill up fast so the sooner you can get information to us the better.

Jubilee News is a project of The Mary Tavy Jubilee Group.

It is produced every two months to bring news of events, activities, heritage and general interest to the residents of the parish. It is able to be free to residents as the printing costs are covered by advertising.

The Mary Tavy Jubilee Group is a Charitable Trust, created in 2012 and based on the Charity Commission model constitution GD2. The Objects of the Trust are -

*“The advancement of community development, environmental improvement and heritage, through projects undertaken by and for the residents of the parish of Mary Tavy in the county of Devon.”*
