"The advancement of community development, environmental improvement and heritage, through projects undertaken by and for the residents of the parish of Mary Tavy in the county of Devon."

Your Community Matters

A day all about the community

Saturday 19th September

10am to 4pm

Mary Tavy near Tavistock

The Mary Tavy Jubilee Group, a charity dedicated to community enhancement, has a track record of creating successful events and projects and is putting on a special event this September. Your Community Matters will bring together groups, clubs, charities, organisations, and businesses - those that are local to the area as well as others that matter to the community.

The event is an opportunity for people from around West Devon to find out about groups and activities they could join, and charities, services and businesses that could enhance their lives.

We want the event to be fun and we hope that many of those taking part will be able to offer something more than just information - we want clubs to show off their activities with opportunities for joining in, we hope that services will be able to demonstrate what they offer. We're expecting about 40 stands, with opportunities to join in dancing, try some sports and exercises, see a glider up close, be fascinated by a police archive display, find out about all sorts of services, and very much more. We're aiming for a great atmosphere. There will also be a car boot sale.

The event will take place indoors in the Coronation Hall and outside in the Recreation Ground.

Entry to the event for the public will be free. For non-profit-making organisations there will be no charge for a space. A table can be provided but if you want a gazebo or stall you will need to provide that yourself. Electricity can be available for some stallholders. There will be a small cost for businesses taking part, normally just £10.

If you would like your group, organisation, charity, service or business to be involved please get in touch or complete the Booking Form.
